# MR. WEAL

HOLA! I'M MR. WEAL, THE POWER WHICH REPRESENTS FINANCIAL PROSPERITY AND SECURITY. WEALTH ISN'T JUST ABOUT MONEY, IT'S A MIX OF FINANCIAL ASSETS, OPPORTUNITIES, AND THE FREEDOM TO LIVE LIFE ON YOUR TERMS. YOUR NET WORTH IS THE TOTAL VALUE OF WHAT YOU OWN (ASSETS) MINUS WHAT YOU OWE (LIABILITIES). IT'S A MEASURE OF YOUR FINANCIAL HEALTH. SAY HELLO TO YOUR MENTOR

HELLO THERE! WELCOME TO THE PARTY! I AM ABOUT TO SPILL THE BEANS ON HOW TO MAKE IT RAIN MONEY IN THIS NEW FINANCIAL YEAR

HERE'S MISS MONETA! A HUGE DEAL FOR YOU ALL, BUT SHE IS ALWAYS WITH YOU IF YOU AND RESPECT HER

MY DEMANDS HAVE ALWAYS BEEN AT THE TOP (PROUDLY), BUT I AM FED UP WITH PEOPLE'S UNREALISTIC EXPECTATIONS, THEY JUST SIT AROUND AND WISH FOR MORE MONEY.

ARE YOU OKAY??

WHEN'S THE LAST TIME YOU WERE INVESTED

I AM FEELING WEAK, FEEL LIKE MY VALUE IS DEPLETING.

# MONEY

**Money may be the greatest invention by man after the wheel and fire.** Money is merely an idea, an illusion whose value is non-existent or intangible. But money has real powers: the power to buy things and influence others. If money is so powerful, of course, we should learn about it. Let's begin.

**Before Money** People used to trade goods and services directly, which we call bartering. This was incredibly difficult because you had to find someone who wanted what you had, and you had to agree on a fair trade. For example, if you made tents and wanted wheat, you'd have to trade your tent for a whole sack of wheat, which wasn't always fair. There was no standard way to measure value, making it hard to agree on trades.

**The Invention of Money** Money solved these problems. It became a standard way to exchange things and could also be saved. Before money, many people couldn't save their wealth at all. The idea of money was brilliant, and the world quickly switched from bartering to using money. But there was a new challenge: for money to be valuable, there needs to be a limited supply. The more of something there is, the less it's worth. This is a basic economic concept. The more you learn about money, the more successful you become.

**Modern Money and Value** People often say money is used to exchange things. But what does money truly represent? A better way to think of money is as a measure of value. When you pay for something, you're saying that it's worth the amount of money you gave. So, the key idea is: MONEY EQUALS VALUE. Understanding that money is simply a way to measure value is the best way to understand money itself.

Money has power and value, but there's something called inflation that decreases the value of our hard-earned money. Let's turn the page to discover the story of inflation in the next chapter.

THERE IS DISTURBANCE  
BY LAUGHING NOISES  
IN THE BACKGROUND

WHY ARE THEY  
LAUGHING LIKE  
MAD DOGS?

HE IS RAKSHASH! OH, I MEAN RECSUS, HE ONCE AGAIN PUT A SMALL COUNTRY SHRILAND INTO RECESSION JUST LIKE THEY HAVE DONE BEFORE WITH ZIMBATOWN, I FEAR WHAT'S COMING NEXT.

YES, HE ALSO TOOK MR. INFLARE IN HIS TEAM. GOD KNOWS WHAT ARE THEY PLANNING NEXT

# RECSUS

FEAR RECESSION?, I'M THE ONE WHO LOVES TO BRING PEOPLE DOWN AND MAKE THEM SUFFER FINANCIALLY. I ENJOY CAUSING UNEMPLOYMENT, DECREASING WAGES, AND REDUCING ECONOMIC GROWTH. OH, AND DON'T FORGET ABOUT MY FAVOURITE PASTIME - CAUSING WIDESPREAD PANIC AND UNCERTAINTY IN THE STOCK MARKET! SO, ARE YOU READY TO FEEL THE PAIN OF MY ECONOMIC DOWNTURN? I PROMISE IT'LL BE A RIDE YOU WON'T FORGET!"

# MONETA

I'M THE PAPER AND DIGITAL NUMBERS YOU CAN'T LIVE WITHOUT. I'VE BEEN AROUND FOREVER, EVOLVING FROM SHINY ROCKS TO PLASTIC CARDS, AND NOW, I'M JUST PIXELS ON A SCREEN. I'M THE BLUE HOLDING YOUR ECONOMIC LIFE TOGETHER, AND LET'S FACE IT, YOU'D BE LOST WITHOUT ME. SO, CHEERS TO ME, MISS MONETA YOUR INDISPENSABLE, YET OFTEN UNAPPRECIATED, COMPANION. THE MONEY!

# PENNY PANIC

IS EVERYTHING ALRIGHT MONETA? (HE ASKED WITH MOCK CONSERN)
